

Find Comfort in Your Connection.

Totally Connected.

Connect Your HVAC System to the Internet.

Chances are that you've come to rely on technology to stay connected – and for new and better ways to manage your daily life more efficiently.

Honeywell's Total Connect Comfort Services

give you access to remotely monitor and manage your heating and cooling system – at anytime, from anywhere – through your PC, smart phone or tablet device¹.

Total Connect is supported by RedLINK™ wireless technology from Honeywell.

Once installed by your heating and cooling professional, simply go online to register your account and customize your system and alert settings.

¹Free apps are available for Apple iPhone, iPad and iPod touch devices at time of release. Check www.mytotalconnect.com for more mobile applications coming soon.

²When used with an Outdoor Sensor.

Get Connected to Comfort

You can count on Total Connect's system performance alerts for a level of awareness and peace of mind that is unmatched – helping you stay connected to your home or business whether you're across the street or half way around the world.

Alerts can be set up to monitor comfort, safety and energy.

You'll get the information you need instantly so you can decide what action to take.

- Be alerted when the temperature is too high or low to ensure the comfort of family, employees or pets while away
- Get notification when the temperature or humidity is too high or too low

Total Control. Total Comfort. Total Connect.

Every time you visit the Total Connect Comfort web portal, or access the apps from your mobile device, you can:

- View and change your HVAC system settings
- View and set the temperature
- View indoor humidity
- View outdoor temperature and humidity²
- Access multiple thermostats if your system is zoned
- Access multiple locations if more than one system is connected
- Receive temperature and humidity alerts via e-mail
- Get automatic upgrades as new features are available

On the Go and in the Know. Whether you are controlling your home, vacation home, franchise business or investment property. Total Connect keeps you connected.

The RedLINK Connection to Comfort.

At Honeywell, we understand the full and enriched lives that our customers lead. And even when your day-to-day activities may seem to get a little hectic, sacrificing comfort – or control – isn't an option. Honeywell's RedLINK-enabled wireless systems and accessories help you achieve a higher level of control while staying connected to what matters most.
